## The Outfitter

The **Outfitter** is lightweight, durable, and expandable. The composite panels are insulated and impermeable to moisture. This is the perfect hunting blind or ice fishing hut.

|                                   |         |            |
|-----------------------------------|---------|------------|
| <b>Standard Sizes and Prices:</b> | 4 x 8   | \$4,133.32 |
|                                   | 8 x 8   | \$5,731.92 |
|                                   | 10 x 12 | \$7,675.53 |

### The Standard Features:

- Made of 3/4" SC7 composite
- Provides R4 insulation
- Can be elevated 8 ft in the air
- Three options for exterior color
- Sliding aluminum thermo-pane windows
- Locking RV-style door

### What This Means to YOU

- All SC7 composites are FDA approved for food contact. This feature also allows for easy clean-up of the panels- you can hose them off, bleach them, or even use lacquer thinner!
- The floor, roof and wall panels are insulated, making the **Outfitter** a warm and cozy shelter for harsh winters.
- That way animals can't see you in your hunting blind!
- Choose between "Wood", "Straw", or "Rye". The colors are printed under the surface so they will not fade or scratch off.
- Perfect height for a rifle.
- Even comes with the screen door.

## Why You Need the Outfitter

If you're looking for something warmer than a tent but just as easy to put together, you need the **Outfitter**. The panels are lightweight and durable. The sliding aluminum thermo-pane windows and locking RV-style door make this the perfect shelter or hunting blind.
