The Weekender

The **Weekender** is the most economic option from **Rigid Tent Systems**. The snap technology makes it easy to build and tear-down. It takes just 30 minutes! Throw it in the back of your truck and head out for a weekend full of adventure.

Standard Sizes and Prices:	4 x 8	\$919.86
	6 x 8	\$938.90

The Standard Features:

- Made of honeycomb composite
- Includes base frame
- Also includes a Hurricane Fly

What This Means to YOU

- This is the lightest composite that we use for our **Rigid Tent Systems**. Honeycomb is the same material that is used for the construction of airplane wings. Paint the interior and exterior for a fun project the whole family will enjoy!
- This leaves the natural floor beneath you.
- Constructed with a semi-transparent vinyl top for natural lighting. It's the same material that the Denver International Airport uses as a roof!

Why You Need the Weekender

The **Weekender** is exactly what you need if you long the great outdoors but maybe don't have the time to wonder off in the wilderness and make camp. With this Rigid Tent, you can set up camp in 30 minutes and be off to great adventures. The **Weekender** is very lightweight and very durable. What are you waiting for? The mountains are calling!
