

# CREATE A **GLAMPING** EXPERIENCE & **EXPAND** YOUR INCOME WITH THE **OUTLOOK Rigid Tent**

ARTIST'S CONCEPTUAL RENDERING - ACTUAL LAYOUT MAY VARY

Assembly by two people  
in a few hours —  
*without tools!*

Stores and ships flat

The Outlook is a **Rigid Tent System** that can be used in your tent sites, multiplying the income from each site. Outlook RTS can truly be “off the grid” by using solar panels to power LED lights, and propane heat.

Electrical wiring and plumbing can be included at the start, **or added later to accommodate your cabin sites.**

The Outlook RTS is unique since it adapts to the demand, and to your cash flow. Each unit is fully reconfigurable!

Start with a fully accessorized Outlook RTS on a cabin site, or begin with a more modest RTS on a tent site and upgrade as necessary.

- **RESPONSIBLE**
- **EXPANDABLE/CONTRACTIBLE**
- **REUSABLE**
- **SUSTAINABLE AND AFFORDABLE**
